Bulo

Bulo Design

Bulo Design consist of architects, engineers, interior designers, industrial designers and craftsmen. We create unique and innovative collections through explorations in materiality, minimalism, functionality, longevity and sustainable business practices. With a passion for refined minimalist design and an eye for detail, our mission is to develop furniture solutions that invite the user to find pleasure in their workplace as well as at home.

DAN Lounge

The name DAN is a reference to Japanese martial arts which means “level”. With the simple building blocks of wood ladders and metal connectors, the DAN modular system with industrial-inspired detailing, can be turned into tables, desks, storage units and coffee tables. In 2017 DAN embraced its softer side with the introduction of the DAN Lounge collection. The wood ladders and beams are made of solid ash in natural, black lacquered or walnut stained finish. The connectors are available in red or black.

Armchair

The ladders are in CO2 neutral, FSC certified solid European ash wood, either natural, black lacquered or walnut color stained, w.783 mm / 31"
The aluminium connectors are black or red.
