FLEX

... EASY UP, EASY DOWN

FLEX folding and swivel tables have a large range of different uses, they are self-explanatory and very easy to handle. Because they are stackable and don't need much space to store, they are the perfect furnishings for flexible room settings, workshops, seminar areas and coworking spaces. The FLEX table range can also be used as a mobile meeting table or as a workstation.

Thanks to optional details such as tabletop connectors, cable management and impact protection edge, the FLEX tables can be individualised as needed. There is a large selection of tabletop sizes and material surfaces to choose from.
FLEX, a particularly attractive and modern addition to your working environment.
